Sky Valley Amateur Radio Club Minutes –

Call to Order: 8:46 by Bruce

Introductions:

Secretary/Treasurer Report: 1565.43

Repeater Status:

70 cm:

2 m link:

6 m:

APRS:

Kathy is making Bruce go to the repeater site today. Bruce's Wenatchee friend is providing two identical repeater systems so that we have a spare. Charlie will start the net again in December. It starts at 19:30 on Tuesdays and lasts about 5 minutes. Mike volunteered to try running the net.

Old Business:

New Business:

Bruce asked about the possibility of having a file on the website that contains a list of local frequencies/names that is usable in Chirp for programming radios. Several people brought up organizations that we should coordinate with, such as ACS and CERT. Mike suggested having a uniform/suggested nomenclature to standardize repeater/frequency names.

Good of the Order:

Tom: Today is the AARL Phone Sweepstakes

Tom also mentioned that if anyone is not receiving his emails, they should make sure their email is up-to-date on the club roster.

Adjournment: 9:19
