

Sky Valley Amateur Radio Club

Month, Year Meeting Minutes

Aug. 15, 2015

Call to Order: 08:51 by John AC7LC

Introductions: 9 in attendance

Secretary/Treasurers Report: July minutes read by Dave KB7GFL, Bruce W7BCW not present.

Repeater Status / Net Report: VHF/UHF working, 6M inop, APRS unknown. Net: 4.5 check-ins for past month.

Field Day: Brad KE7EOF asked if we wanted to try to secure Lake Tye for 2016. All thought that would be worth a try. Brad will make the application. Many wanted the RC boats to return too, hi hi.

Old Business: Membership reviewed Mike's KE7OKV proposal for a communication relay from Stevens Pass to Monroe. John AC7LC stated we should consider using hand helds (worse case scenario in mind). Also brought up is each location operator keep a log detailing temp, GPS coordinates and radio traffic activity. Cascadia Rising Exercise is scheduled for June 2016.

New Business: Tom K7TOM asked if anyone checked into the ebay radio sale. Jim KF7QQM stated they were all sold out by the time he got online.

Good of the Order: We chatted about the book Full Rip 9.0. David KB7GFL said he got a copy on Amazon for around \$8 and it was a good read. Brad KE7EOF said the South Whidbey Island Fault goes thru Mill Creek and ends in the Duvall fault zone. That fault zone stops just south of Monroe.

Adjournment: 09:24 by John AC7LC
