Repeater Status / Net Report: 70cm – operational and awesome; 2m link – operational; APRS – station is set for beacon plus digipeater use only and is working Ok; 6m – from others (Dave KB7GFL) report that it is op; NET @ 19:30 hours every Tuesday status averaging 4-6 check in's for June - July 2018 so far.

Webmaster Report: Field Day 2018 pictures added. Proclamation from State of Washington added to front page. QR codes updated reflecting next month's meetings and NET reminders.

Old Business: Tom K8TOM waiting for confirmation from guest speaker for September meeting. FD results posted by John AC7LC (sorry I didn't get it written down and didn't hear it mentioned in the video). Painting of the container roof setup for Thursday July 26th, removal of 6 meter tower to do painting discussed.

New Business: FD 2019 will be in Lake Tye Park using new EOC trailer. Discussion on getting FD setup and what stations will be used and antenna setups, bands etc. FD site survey to take place July 28th at Lake Tye Park to check out available area for antennas and public info booth plus GOTA station. Ernie W7EDA mentioned a 10 foot tower section was being sold and would be a good addition to the 6 meter tower taking it off roof and mounted next to container. Bruce and Ernie scheduled Monday July 23rd to pick up tower section, approved by membership.

Good of the Order: It's all good! So order some more!

Adjournment: 0955 hours PDT by John.

50/50: Ernie won but donated winnings back to club.
