## **NET CONTROL SCRIPT**

Linking the 2m with the 70cm > *Contact Bruce W7BCW ahead of time.*

**Please bring up the link by 19:15 hours.**

**This will give us assurance Net Control is in place**

**and ready to go.**

**After bringing up the link please announce “The Sky Valley Amateur Radio Club Net will begin at 19:30 hrs local time.”**

This is the W7SKY Sky Valley Amateur Radio Club Weekly Net for <date>. I am <your name>, <your call sign>, and shall be the Net Control Station for this session.

The purpose of this Net is to not only provide on-air training and coordination with joint activities of the Sky Valley Amateur Radio Club and the Auxiliary Communications Service, but also for the exchange of information of interest to the amateur radio community.

<Let repeater drop momentarily>

This Net meets every Tuesday at 1930 hours local time on a frequency of 444.125 MHz and is linked on the 2-meter side on 145.650 MHz simplex. Both frequencies require a 103.5 Hz sub-audible tone. Please note that if a repeater failure should occur during net time, we shall meet on the 145.650 MHz simplex frequency.

<Let repeater drop momentarily>

This is a directed Net. All stations must use their call sign for recognition by Net Control. Please do not relay unless asked to do so. If you need to break into the Net to leave or for any other reason, give your call sign only and wait to be acknowledged by the Net Control Station.

<Let repeater drop momentarily>

Be advised that stations with priority or emergency traffic shall be handled prior to continuing the Net. Any station with priority or emergency traffic at this time, please come now.

<Let repeater drop; pause and listen>
