Remember - 17th, this Saturday at 8:30am (Dutch Cup).

Thanks again to Bill for the great remembrance of years in ham radio, the cards, and the stories.

This week Sam Baker will be presenting information on what he is doing and what you could do in the area of Radio Astronomy.

There will be a vote on club officers.

A status report will be made regarding the 440/6m repeater.

Catch you there...Darryl wz7o
