

Sky Valley Amateur Radio Club Minutes
May 15, 2004

Call to order: 08:30 by Robin

Introductions: David H., John Henry (new member,) Dan, Robin, Dave A., Chris, Gary, JoAnn, and Bob

Secretary/Treasurer Report:

Balance in our bank account as of April 30 2004 was \$533.37. Dave Axe turned in receipts for various items purchased for the repeater and WWRA dues receipt. The total was \$61.78, and check # 1014 was issued.

Old Business:

Gary will contact ARRL for a mailing list of HAMS in the area. JoAnn suggested formation of a committee for development of a club membership information flyer. Dave reported that the repeater system is up and running fine, except the 2-meter link is down. May 20th is an earthquake drill; Gary Markley will man the communications station at the EOC, which is the Sultan FD. The plan is to use 2-meter simplex and the frequency will be determined on site.

New Business:

Robin will email the ARRL our membership list so that we can become an associated ARRL club. Gary chatted about DSP-10 moon bounce, and in the future will give a presentation about echo-link. There was a state disaster drill on May 13th. A net was established that linked Portland, OR, Mason County, Forks, Watcom County and several hospitals.

Good of the order: None

Adjournment:09:45 by Robin
